Verification of Criminal Background Check

July 24, 2013

This document verifies that all River Montessori Charter School (RMCS) employees have received a criminal background check, with finger-printing, through a service licensed by the California Department of Justice for the 2013-14 school year. Furthermore, this document certifies that all employees of RMCS do not have a felony record and/or misdemeanor convictions involving crimes against children.

Likewise, this document verifies that all River Montessori Charter School volunteers and vendors who may have unsupervised presence with RMCS students, as well as enrichment program providers using our facility, have received a criminal background check, with fingerprinting, and do not have a felony record. Any parent or person wishing to volunteer with RMCS in a way that involves unsupervised presence with RMCS students, must first undergo a criminal background check, with fingerprinting, to demonstrate that they do not have a criminal record.
